NEW ZEALAND

MOVING TO AUCKLAND

The URS Auckland office is conveniently located on the edge of the city, close to Ponsonby shops and cafes. There is a large supermarket across the road and nearby Victoria Park is perfect for those who like to exercise or just lunch in the sun.

The city centre has seen an explosion of ethnic restaurants and shops as Auckland continues to become a popular destination for international education. The University of Auckland is highly regarded and has a convenient location in the heart of the city, not far from the URS office. There is an extensive system of road based public transport services throughout the city.

Auckland has perfected the style of cuisine which blends Asian and Pacific flavours, called "Pacific Rim". Try it in the suburbs of Ponsonby, Herne Bay or Parnell where dozens of dining options are available, or indulge at a waterfront restaurant in the Viaduct Harbour or Mission Bay.

Sport is also an important part of the culture and the city contains many parks, and natural areas in which to exercise. A 30 minutes ferry trip to Waiheke Island, offers prime access to beautiful beaches and some of the best wineries that New Zealand has to offer.

Auckland is ranked as one of the world's ten most desirable cities to live and it will be the capital of the 2011 Rugby World Cup. With good quality, well located apartments it is no wonder that living in the inner city is becoming increasingly popular.

URS

FAST FACTS URS Auckland Office

- Office size: 180
- Regional Manager: Ian Jenkins
- Specialities: Air Quality, Civil, Facilities, Geosciences, Infrastructure, Structures, CAD, Environmental, Geo Engineering, Industrial, Planning, Water Infrastructure and Water Resources
- Other Activities: Staff morning tea, Social Club, sporting events, Young Professionals networking, Photographic Competitions and Charity Support.

We have shower facilities and a bike shed for employees who like to reduce their carbon footprint by riding into the office.

In terms of our environmental responsibility we often get involved in beach clean ups and tree planting.
