MOVING TO THE NORTHERN TERRITORY

The URS Darwin office is located in the city centre, in Mitchell Street, close to all major facilities. Darwin is a cosmopolitan city, with an outdoor lifestyle, good restaurants and local markets.

The weather in Darwin is always warm with a year round average of 32 degrees Celsius. There is a wet season from around November to May, followed by a dry season of perfect weather, during which it is a popular tourist destination. Boasting natural wonders from iconic Uluru to breathtaking waterfalls, the region showcases it's diversity for you.

From Darwin there is easy access to Kakadu National Park which is World Heritage listed, Litchfield National Park and the Katherine Gorge. You can also see some of the best barramundi fishing in Australia.

Darwin is well served with national and international flights, with Singapore as close as Perth, Adelaide or Brisbane, and Bali also a nearby holiday destination.

Darwin offers good schooling, both government and private, major public and private hospitals, and Charles Darwin University offers a wide range of courses.
