## MOVING TO WESTERN AUSTRALIA

The URS Perth office is located in East Perth which is only a few hundred meters from the Central Business District. It overlooks the Swan River which provides the perfect setting for a relaxing day or evening out. The river banks also boast some of the best restaurants in Australia.

The city of Perth, celebrated for its brilliant beaches, long days of sunshine and clear blue skies, offers an easy going lifestyle. With over 80 kilometres of beaches, the coast is ideal for swimming, surfing and other marine adventures. With ancient forests, wide open spaces and red earth as far as the eye can see, throughout other parts of Western Australia, the state caters for all tastes. Featuring hot and dry summers from late December to March and mild winters, including mid-winter, where the maximum daytime temperature only occasionally falls below 16 °C (60 °F), the Perth Mediterranean climate is appreciated by its residents.

Perth offers an amazing range of Australian and international food at very reasonable prices. Chinese, Indian and Italian are all extremely popular. Enjoy our idyllic sunset at an al fresco (outdoor) dining venue, sampling some freshly caught seafood: barramundi, pink snapper and dhufish are favourites in Perth restaurants.

The city is bustling with markets and inner city parks, including Kings Park and the Federation Walkway, where you can wander among the treetops for a bird's eye view of the city. Only a few hours south of Perth is our world famous wine region, Margaret River. If you are a keen surfer this region also features some of the world's most magnificent waves.

# URS

## FAST FACTS URS Perth Office

Office Size:	165
Regional Manager:	Bert Prinsloo
Specialities:	Contaminated Land / Groundwater, Surface water, Sustainability, Terrestrial, marine and coastal, Forestry, Geotechnical, Structural, Civil, Maritime, GIS, CAD Engineering, Project Controls.
